* Started tracking kickoffs in the 2016 season because of Dylan Brady who was kicking out of the endzone.

Was able to go back and analyze Sam Loy from 2015 video.

No video to analyze for kickoffs from Nick Sparks, Adam Young, John McGrory or other kickers from 1989-2015

Some statistics for touchbacks (Sparks & Froehlich) found in player bios so have been entered where applicable

Kickoff totals for kickers before 2015 were formulated based upon TDs + FGs + the number of games played in a season

These are **guesses** and could possibly be off if a kicker was injured for a game or another kicker was used in a blowout
